

## RASHTRIYA AYURVEDA VIDYAPEETH IS ORGANIZING TWO DAY TRAINING PROGRAMME ON MUKHA ROGA

25-26 July 2024

AIAC Hall, Dhanwantari  
Bhawan, Road No. 66, Punjabi  
Bagh (West), New Delhi

In Ayurveda, the concept of oral hygiene is highly emphasized as part of overall health maintenance. Practices such as herbal medicinal stems for brushing, tongue scraping, oil pulling, and herbal gargling are recommended for maintaining oral health and preventing dental issues.

### About the Institute

Rashtriya Ayurveda Vidyapeeth (RAV), New Delhi is the premier & autonomous institution under Ministry of Ayush, committed for promotion and propagation of Ayurveda as nodal agency for various training in Ayurveda.

### About Programme

Shalakyatantra is one of the eight branches of Ayurveda, primarily focuses on the diagnosis and treatment of diseases related to the Shalakyas (head and its various parts), which include the Netra (eyes), Karna (ears), Nasa (nose), and Mukha (oral cavity). Each of these sensory organs plays a vital role in human perception and communication, so their health and well-being are of utmost importance. In this programme we will talk about oral hygiene in ayurveda & Jalandar bandh (ayurvedic technique of tooth extraction) and various herbal plants in ayurveda can be used as an adjunct for oral health care.

### Objective

- To enhance the knowledge & understanding of Ayurvedic dentistry
